

HEBRON CHRISTIAN COLLEGE

STARSHIP MOBILE PHONES COLLECTION

YEAR 11 EMAILS

Hey _____

How are you? How's it going? Our school, Hebron Christian College, is participating in an old cell phone collection to help Starship Children's Hospital. These old phones will be recycled or sold to help the sick kids. There will also be a benefit to our school. So, if you have any spare, old or broken phones could you pass them on to me.

Think of the children!

Thanks

Hi Guys!

Please, if you have any old phones, please donate to the kids in Starship. We need to collect 900 phones. Please be of good service and cheer and think what would Jesus do! We should reflect His kindness. The phones that Starship receive will be fixed and sold, or the parts recycled – this will earn money for the kids in Starship.

Sup Homie Gs

I need your old mobile phones dogg for school so I can give it to Starship. We will also be getting some pimped out whiteboards.

Later

Hey _____

I was just wondering if you had any old unwanted phones lying around the house that you don't need anymore. My school is running this thing where we are collecting old phones to send off for it

to be disposed off safely, and the profits go towards helping support Starship Hospital. Also our class gets a prize if we get the most and we are pretty close to the top.

Cheers.

:D

[TAG SOMEONE'S NAME], my school is in a competition and we would like you to help us by donating old, unwanted mobile phones. In doing this you will support our school and also help Starship Hospital. You will also help the environment by not throwing the phones away in a dump because mobile phones contain dangerous metals that could leak into the soil killing cute little pandas. Your help would be appreciated, thanks.

Love xoxoxo
